

Spencer Van Schaack – Vice President of Development

Spencer Van Schaack joined Convergence in 2014 as a Project Manager and Analyst. Van Schaack has extensive project management experience after working for a national commercial contractor on multiple large projects. He has managed projects ranging from \$10-20 Million and has been part of award-winning construction teams. Van Schaack is well versed in analyzing and coordinating project progress, costs, budgets, and cash flow while managing strict schedules. Van Schaack also plays a critical role in sourcing and disposing of assets. He earned his BA in Geography from Syracuse University and his MBA with a concentration in Real Estate and Construction Management from The University of Denver. He lives in Wyoming with his wife and two dogs.
